ABOUT US

More Kasi Logistics is the international freight forwarding arm of the More Kasi Trade Group, headquartered in Ningbo, Zhejiang — one of the world's busiest port cities. We are an NVOCC-licensed freight forwarder. Our philosophy: Think like buyers. We don't just quote and book — we design supply chain solutions from the buyer's perspective. Integrated with our group's ecosystem (Export Agency, Russia Line, Dropshipping, Global Partner Program), we deliver end-to-end logistics from factory floor to final destination.

CORE STRENGTHS

NVOCC Licensed

Direct contracts with major carriers; priority space during peak season.

Global Network

Reliable customs clearance & delivery partners across 60+ countries.

Multi-Modal

Sea + Air + Rail + Trucking — flexible combinations for any need.

Trade Perspective

We solve problems like buyers, not just execute orders.

Financially Stable

Backed by More Kasi Trade Group (100M+ RMB annual revenue).

Real-Time Visibility

Milestone tracking from pickup to delivery.

FREQUENTLY ASKED QUESTIONS

① How does customs clearance work?

We handle China export clearance and coordinate import clearance at destination. Under DDP terms, all duties are pre-paid — you only provide the necessary documents.

① What are your payment terms?

Standard: 50% deposit + 50% before shipment. Monthly billing available for long-term partners.

① Do you offer cargo insurance?

Yes. Insurance can be arranged at 0.1%-0.3% of cargo value. Recommended for high-value shipments.

① Can you handle dangerous goods?

Yes. We are qualified for DG cargo with proper declarations and compliant handling procedures.

① How do I track my shipment?

Every order has milestone tracking — pickup, departure, arrival, customs clearance, and delivery — with real-time notifications.

① What about peak season capacity?

As an NVOCC with direct carrier contracts, we have priority space allocation. We recommend booking 2-3 weeks in advance.
